

Avery Dennison

GREENFIELD, IN

VALUE DELIVERED

Avery Dennison runs 24/7 to provide labels and functional material globally, so they needed EMCOR Services Shambaugh to install a cooling solution for their new coater line while their facility was fully occupied.

We coordinated with multiple Avery Dennison employees and vendors, working early mornings as needed, to finish the project.

We communicated daily with the client to keep them updated on project status and to help ensure all work was completed on time and on budget.

CLIENT OBJECTIVES

Avery Dennison needed a cooling system for a new coater line they were installing.

SOLUTIONS

To provide cooling for Avery Dennison's new coater line, ESS installed:

- Two air handling units
- Ductwork
- Piping

CLIENT BACKGROUND

Avery Dennison designs and manufactures labeling and graphic applications and tapes and other bonding solutions for industrial, medical, and retail applications.

MANUFACTURING/INDUSTRIAL
